LETTER OF RECOMMENDATION

To whom it may concern,

This is to certify that Mr. Vojin Lukic, a student at the City University of Hong Kong, Hong Kong, pursuing bachelor's degree in Mechanical Engineering, has successfully completed a short volunteering/training program with the duration of 1 month at this company. During the period of this program, Mr. Lukic studied and very quickly grasped the CATIA software. Working alongside our employees, he acquired broad knowledge and experience in Part, Assembly & Generative Shape Design, as well as Drafting workbenches. He showed many positive traits, from his capability for good teamwork and collaboration, to a high level of adaptability and autonomy in his work. He performed his duties successfully, timely, and in a serious manner, showing a tremendous set of professional and personal traits, and indicating good progress on his road to become an exemplary professional.

For INGENIEURSCHMIEDE D.O.O.,

Vladimir Trajkovic
